The amendment filed June 10, 2005 has been entered and made of record as paper no. 0605.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claim 1 stand rejected under 35 U.S.C. 102(a) as being anticipated by Applicants' prior art figures 9-12.

Applicants' prior art figures 9-12 discloses a display device comprising an organic LED element (82) which is part of a pixel in an array of a plurality of pixels, a switching thin film transistor (80) electrically connected to the LED element, and a driver thin film transistor (84) electrically connected to the LED element.

Claims 2-9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant's arguments filed June 10, 2005 have been fully considered but they are not persuasive.

Claims 1-9 in this application are not patentably distinct from claims 1-13 in view of Applicants' prior art figures 9-12. Applicants did not overcome the rejection over Applicants' prior art figures 9-12.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
